It gives me a great pleasure and privilege to give a brief note of the R.L. Jalappa Hospital & Research Centre attached to Sri Devaraj Urs Medical College which is a constituent college of Sri Devaraj Urs Academy of Higher Education & Research for the year 2013-14.

The hospital was started in the year 1994 with the humble out patient services. Subsequently inpatient services were provided from January 1995. Today I am proud to inform that the hospital has gradually grownup and is providing certain key super specialty services like Urology, Plastic Surgery, and Neurosurgery etc. I am very glad to inform that these services are provided to the patients at affordable costs, keeping the financial position of the rural area in mind.

We are providing various health care services for both urban and rural patients under various government and non governmental schemes. The following are the details of the various camps and other activities conducted from April 2013 to March 2014.
